## Start receiving your 401(k) Statements Online

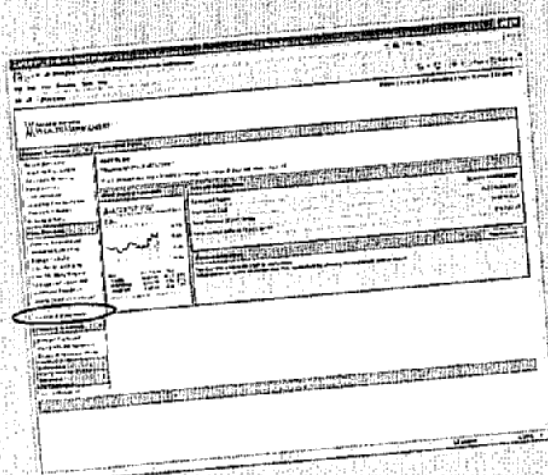

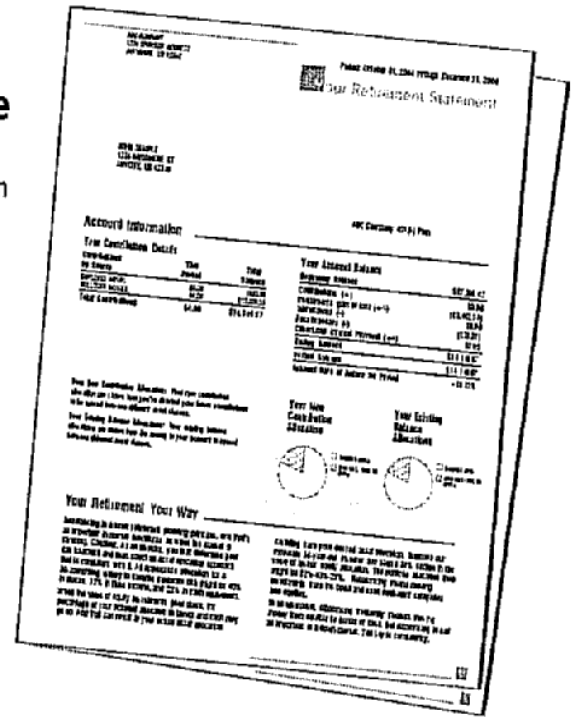

Security National Wealth Management is pleased to announce an exciting new service available to you starting January 1, 2010.

### What is an online statement?

An online statement is an electronic version of the statement you currently receive in the mail. Online access allows you to view your statement at any time, from any location.

### What are the benefits of 401(k) Electronic Statements?

- **Fast.** Electronic Statements look just like your paper statement and are delivered faster than if sent through the mail. All you need is Internet access and Adobe Acrobat Reader.
- **Safe.** Only you know the correct user name and password to sign-on and see your account information and access your statements. We don't e-mail you the statement itself; you login to your 401(k) system to view your statement.
- **Flexible.** View your statement anytime, day or night. Print or save it if you desire, or just view it on your computer screen. Gone are the files and boxes filled with 401(k) statements!
- **Save Trees.** Reduce paper waste by receiving and storing your statements electronically.
- **Free.** Electronic Statements are complimentary to customers who sign-up through your online 401(k) account.

**Signing up is easy!** Just login to your 401(k) account after December 31, 2009 and select the Electronic Statements link to sign-up. For more information about Electronic Statements call us today at (800) 475-4468.
